## WORK EXPERIENCE

### Senior Security Consultant

#### The SecOps Group

11/2021 - Present

Cambridge, United Kingdom

##### Achievements/Tasks

- **Conducting Regular Penetration Tests:** Performed comprehensive pentests across a diverse range of technology stacks, including web applications, APIs, mobile applications, internal and external networks, thick clients, and LLM applications.
- **Client Engagement:** Maintained regular and effective communication with clients to understand their needs, provide updates, and offer expert advice on security matters.
- **Reporting and Documentation:** Prepared detailed and actionable reports and documentation, summarizing findings, providing remediation recommendations, and ensuring clear communication of technical issues to stakeholders.
- **Certification Exam Lab and Infrastructure Creation:** Developed and maintained certification exam labs and infrastructure, ensuring they meet the rigorous standards required for effective testing and evaluation of cybersecurity skills.
- **Knowledge and Content Creation:** Created and shared knowledge resources, including technical guides, best practices, and educational content, to enhance the security posture of the organization and its clients.

### Analyst I - Information Security

#### UST

04/2021 - Present

##### Achievements/Tasks

- Performed Regular Pentest over a Variety of Technology Stack.
- Penetration Tests on Web Applications, APIs, Mobile Applications and Internal & External Networks.
- Reporting & Documentation.

## SKILLS

Penetration Testing

Web Application Security

REST/GraphQL API Pentesting

Thick Clients Pentesting

Security Tools

LLM Application Testing

Android/iOS Application Pentesting

Network Pentesting

## ACHIEVEMENTS

### Topmate Top 1%

Helped numerous individuals get into cybersecurity by providing guidance and clearing doubts, recognized as being in the top 1% of mentors on the platform and standing out in 2023 for exceptional support and mentorship.

### Red Team Member, Synack Red Team

Actively participate in bug bounty programs, conducting testing across a variety of technology stacks.

### Bugcrowd

Achieved the title Q2 P1 Warrior 2020 (Level 2) and found valid bugs in companies like Dell and Netflix.

### Bug Bounty Experience

Successfully identified vulnerabilities and contributed to securing systems at companies such as Apple, Netflix, Red Bull, Sony, Dell, and others.

## PERSONAL PROJECTS

### Anugrah SR | #HackLearnDaily

- <https://anugrahsr.in>
- Research and innovation that can generate advances that help cybersecurity keep up with the evolving cyber risks. I Create, curate and contribute in the infosec content creation avenue.

### Awesome Web3 Security

- <https://github.com/Anugrahsr/Awesome-web3-Security>
- A curated list of web3Security materials and resources For Pentesters and Bug Hunters. Repo have 750+ stars

### ReconFTW

- Github: <https://github.com/six2dez/reconftw>
- Part of the development and management team
- Testing and identification of new tools/scripts

## WORK EXPERIENCE

### Intern-Security Consultant SecureLayer7

02/2021 - 04/2021

*Achievements/Tasks*

- Web Application Penetration Testing
- API Penetration Testing
- Mobile Application Penetration Testing
- Reporting & Documentation

## EDUCATION

### Bachelor of Science - Master of Science (BSMS), Biological Sciences

Indian Institute of Science Education and  
Research(IISER) Bhopal

2015 - 2020

*Courses*

- Bioinformatics
- Computational Biology

## PERSONAL PROJECTS

P1boom- Cyber Security Blog

- <https://www.p1boom.com>

## TALKS/SESSIONS

OWASP Top 10 for LLM Applications -  
YetAnotherSecurity Meetup

Google Developer Student Clubs WOW Summit - Cyber  
Security Panel Discussion

Introduction to Prompt Injection - InitCrew

Workshop on GraphQL Hacking - eHackify

Decode-█-Cyber Panel Discussion - VIT Bhopal
